PUBLICATIONS (13)

1. **Using ML/DL in Diagnosis of Parkinson's Disease**
   Journal of Al-Qadisiyah for Computer Science and Mathematics 18 (3), 286–299 ..., 2026 | 2026

2. **Cataract classification based on traditional data augmentation methods: Review study**
   Journal of Al-Qadisiyah for Computer Science and Mathematics 18 (2), 447–459 ..., 2026 | 2026

3. **Machine Learning-Based Prediction of Smartphone Addiction Using Behavioral Usage Features**
   Journal of Al-Farabi for Engineering Sciences 5 (1), 94-107, 2026 | 2026

4. **Enhancing Software Requirements Classification Using AI-Based Text Processing Techniques**
   Journal of Al-Qadisiyah for Computer Science and Mathematics 18 (1), 84–96-84–96, 2026 | 2026

5. **Pattern-Based Architecture for Adaptive Multimedia Processing in Heterogeneous Environments: A Modular Approach with UML Modeling**
   International Journal of Ethical AI Application 1 (2), 57-70, 2025 | 2025

6. **Energy-Saving Power Patterns in IoT Systems: A Software-Centric Systematic Review**
   TIJER - INTERNATIONAL RESEARCH JOURNAL 12 (10), a822-a832, 2025 | 2025

7. **AI-Powered Data Governance: A Cutting-Edge Method for Ensuring Data Quality for Machine Learning Applications," February 22, 2024**
   2024 | Cited: 8

8. **Applying pattern language to enhance IIoT system design and Integration: From Theory to practice**
   Information 15 (10), 595, 2024 | 2024 | Cited: 3

9. **Secured Energy Aware Projected 5G Network Architecture for Cumulative Performance in Advance Wireless Technologies**
   International Journal of Engineering & Technology 7 (4.17), 53-56, 2018 | 2018 | Cited: 1

10. **R-tree for spatial data structure**
    Journal of Al-Qadisiyah for computer science and mathematics 10 (2), Page 27-35, 2018 | 2018

11. **Notice of Violation of IEEE Publication Principles: Challenges and Opportunities of E-Learning in Iraq," September 1, 2017**
    2017 | Cited: 8
