PUBLICATIONS (11)

1.

Enhancing Software Requirements Classification Using AI-Based Text Processing Techniques
Journal of Al-Qadisiyah for Computer Science and Mathematics 18 (1), 84–96-84–96, 2026 | 2026

2.

Machine Learning-Based Prediction of Smartphone Addiction Using Behavioral Usage Features
Journal of Al-Farabi for Engineering Sciences 5 (1), 94-107, 2026 | 2026

3.

Energy-Saving Power Patterns in IoT Systems: A Software-Centric Systematic Review
TIJER - INTERNATIONAL RESEARCH JOURNAL 12 (10), a822-a832, 2025 | 2025

4.

Pattern-Based Architecture for Adaptive Multimedia Processing in Heterogeneous Environments: A Modular Approach with UML Modeling
International Journal of Ethical AI Application 1 (2), 57-70, 2025 | 2025

5.

AI-Powered Data Governance: A Cutting-Edge Method for Ensuring Data Quality for Machine Learning Applications,” February 22, 2024
2024 | Cited: 8

6.

Applying pattern language to enhance IIoT system design and Integration: From Theory to practice
Information 15 (10), 595, 2024 | 2024 | Cited: 3

7.

Secured Energy Aware Projected 5G Network Architecture for Cumulative Performance in Advance Wireless Technologies
International Journal of Engineering & Technology 7 (4.17), 53-56, 2018 | 2018 | Cited: 1

8.

R-tree for spatial data structure
Journal of Al-Qadisiyah for computer science and mathematics 10 (2), Page 27-35, 2018 | 2018

9.

E-commerce in Iraq
Journal of Education College Wasit University 2 (25), 1271-1304, 2017 | 2017 | Cited: 9

10.

Notice of Violation of IEEE Publication Principles: Challenges and Opportunities of E-Learning in Iraq,” September 1, 2017
2017 | Cited: 8

11.

E-commerce in Iraq Ali Fahem Neamah
Journal of The College of Education 2, 0 | 0 | Cited: 11
