PROFILE

Curriculum Vitae

Assist. Prof. Dr. MUHAMMAD ALBAHADILI

Consultant General Surgeon | Academic Assessor | Medical Educator

Bismayah – Baghdad, Iraq

Email: mohriza@uowasit.edu.iq

Tel: +964 7814201098 | +964 7706499921

Personal Information

- Full Name: Muhammad Abdulridha Rhaima Albahadili
- Date of Birth: 5 March 1964
- Nationality: Iraqi
- Marital Status: Married
- Current Position: Assistant Professor, College of Medicine, Wasit University
- Consultant in General Surgery (since 2016)
- Member, National Assessor Team – National Council for Accreditation of Medical Colleges (NCAMC) (since 2018)

Academic Qualifications

- Diploma in Laser Surgery – Institute of Laser for Postgraduate Studies, Baghdad University (2013–2014)
- Certificate of Arab Board of Surgery (CABS) – Arab Board of Medical Specialization (1994–1999; awarded 15 Jan 2000)
- Bachelor of Medicine & Surgery (MBChB) – Baghdad University, College of Medicine (1982–1988)

Professional Experience

- House Officer, Al-Yarmouk Hospital – Clinical rotation (1989–1991)
- General Practitioner, Al-Mahmoodiyah Hospital (1991–1993)
- Residency, Al-Kadhymia Hospital – Senior House Officer, Arab Board of Surgery program (1994–1999)
- General Surgeon, Wasit Directorate of Health – 16 years (2000–2016)
- Consultant General Surgeon (2016–present)
- Academic Appointment: Lecturer, Wasit University College of Medicine (2016–present)
 - o Gastrointestinal Module
 - o Forensic Medicine
- Promotion: Assistant Professor (2021)

Academic & Professional Roles

- Reviewer:
 - o Iraqi Journal of Laser
 - o Journal of the Iraqi Laser Society
 - o Indian Journal of Surgery
 - o Al-Bayan Journal for Medical and Health Sciences
- National Accreditation Roles (NCAMC):
 - o Member of National Assessor Team (since 2018)
 - o Contributor to self-assessment studies, Wasit University College of Medicine
 - o Member of committees evaluating scientific and academic standards

RESEARCH INTERESTS

- Laser as tool in surgery

- o Accreditation visits: Dohuk, Al-Nahrain, Al-Kindy, Al-Diwaniyah Colleges of Medicine

- Royal College of Physicians (RCP) Iraq Network:

- o External Examiner, Duhok University College of Medicine

- o Participant in RCP-led training and accreditation workshops

- Ministerial Committees:

- o Member, Committee for Examination Process Oversight (2022–2025)

Workshops & Courses

- ▣ Workshops & courses for education and accreditation:

- Supporting medical education ensures quality healthcare, April 15, 2018

- Enhancements of the national assessors' capabilities carried out by NCAMC at Kufa University, Sep. 28-29, 2018.

- Writing educational objectives carried out by NCAMC, organized by the medical education council of Iraq, Baghdad Oct. 22-23, 2018.

- The Essentials "a basic course in medical education" carried out by the medical education council, Baghdad Nov. 26-27, 2018.

- The 2nd workshop on academic accreditation for the national assessors' team was carried out by NCAMC, Feb. 22, 2019, college of medicine, Kufa university.

- Capacity building for the national assessors' team carried out by NCAMC, Nov. 15-22, 2021, in college of medicine, Baghdad university.

- About complete accreditation requirements for Wasit University, College of Medicine, carried out by NCAMC on March 10, 2022

- A medical educational course which includes:

- o Educational Methods and Strategies

- o How to write about the objectives of the lectures.

- o Active student participation

- o Small group learning/ learning in clinical settings (as a lecturer)

- o The Role of medical teacher/ program evaluation

- o Students' assessment.

Carried out by continuing the education unit of Wasit University, College of Medicine on April 18-29, 2022.

- Capacity building for the national assessors' team carried out by NCAMC, May 15-22, 2022, in college of medicine, Jabir Ibn Hayyan University.

- Workshop about accreditation in college of medicine, Wasit university in March 2022

- Preparing the requirements for accreditation in Wasit University, College of Medicine carried out by Wasit University members of Iraqi national assessors (including me) in June 2022

- Training course in teaching skills carried out by RCP/ London-Iraq members and fellows' network (16 learning hours), Jan. 2023.

- Exam blueprint planning, which is accredited as a self-approved learning activity by the royal college of Physicians and Surgeons of Canada, on Feb. 3, 2023

- Training course in academic accreditation of medical colleges "enhancement of the capability of national assessors' team" which was held by NCAMC on Sep. 13th-14th, 2023, college of medicine, Sulaimani university

- ▣ Workshops & courses (others)

- Teaching Skills Training (RCP Iraq Network, 2023)

- Exam Blueprint Planning (Royal College of Physicians & Surgeons of Canada, 2023)

- E-learning & Medical Education workshops (MOHESR, Iraqi Universities, 2020–2022)

Certificates of Appreciation

- Multiple commendations from the Minister of Higher Education and Scientific Research and NCAMC leadership (2019–2025) for dedication to accreditation assessments across Iraqi medical colleges.

Training

- War Injury & Emergency Management – National Committee of Red Cross, Sulaimaniyah
- Medical Ethics & Communication Skills – Karbala Directorate
- Time Management – Canadian Science Organization for Training & Development
- Occupational Safety & Health – Dimensions Foundation for Development
- COVID-19 Health Education Ambassador – Altoosi University College, Gulf Medical University, MBR University of Medicine, Wasit & Sheffield Universities

Research & Publications (Selected)

- Laser Surgery:
 - o Pilonidal Sinus Excision using CO₂ Laser (10600 nm)
 - o Pilonidal Sinus Management using 980 nm Diode Laser
 - o Carbon Dioxide Laser in Surgery (Book)
- General Surgery & Trauma:
 - o Duodenum Injury in Blunt Abdominal Trauma
 - o Post-Pancreatitis Fluid Collection: Management & Sequelae
 - o Hydatid Cyst in Liver Surgery: Recurrence & Albendazole Role
- Appendicitis & GI Surgery:
 - o Ultrasonic Diagnosis of Acute Appendicitis
 - o New Sign for Diagnosis of Acute Appendicitis
 - o Is it Possible to Manage Appendicular Mass without Surgery?
- Other Contributions:
 - o Colorectal Carcinoma Incidence at Time of Cholecystectomy
 - o Polydioxanone vs. Polypropylene Sutures in Abdominal Closure
 - o Uropathogenic E. coli in Pregnant Women: Virulence Genes Study

Case Reports

- Torsion of Fallopian Tube with Fimbrial Cyst in a 15-year-old
- Jejunum MALToma with Perforation, Managed with Ozone Therapy

Study

- Circumcision with Electrosurgery Leading to Penile Gangrene

Book

- Carbon Dioxide Laser in Surgery

ACADEMIC TITLES

2021-08-21

Associate Professor

TEACHING EXPERIENCE

Academic faculty

Wasit University/college of Medicine

2016-02 - Present
