1. **Experimental investigation on the thermal performance enhancement of finned thermoelectric cooler powered by solar photovoltaic**
   J. Eng. Sci. Technol 20 (3), 193-205, 2025 | 2025 | Cited: 1
2. **Experimental Study and Performance Analysis of Thermoelectric Cooler Using Solar Photovoltaic Energy**
   Applied Mechanics and Materials 922, 135-144, 2024 | 2024 | Cited: 2
3. **Thermoelectric cooling system for vehicle cabin during parking powered by solar photovoltaic energy**
   Journal of Advanced Research in Fluid Mechanics and Thermal Sciences 121, 17-26, 2024 | 2024 | Cited: 2
4. **Systematic Review: How to reduce the car cabin temperature using solar energy?**
   Wasit Journal of Engineering Sciences 12 (2), 15-32, 2024 | 2024
