

Professor Doctor Jaafar Jumaah Hassooni Jood Al-Qurishii

البرفسيور الدكتور جعفر جمعه حسوني جود القرشي

PROFILE

B.Sc from college of science university of baghdad in microbiology MSC from Jordan PH.D from Iraq college of medicine university of baghdad

TEACHING EXPERIENCE

International and scientific affairs

University of wasit/college of science department of forensic indicators

2025-03 - Present

COURSES

• Forensic laboratory equipment (FOR24018)

PUBLICATIONS (14)

1. **Detection of Shigella species from in and out patient in Baghdad and Waist Provinces/Iraq**
Journal of Population Therapeutics & Clinical Pharmacology 11 (006), 5, 2023 | 2023
2. **DETECTION OF ANTIBIOTICS SENSITIVITY OF SALMONELLA TYPHI IN WASIT PROVINCE OF IRAQ**
International Journal of Applied Sciences and Technology 101 (2022), 7, 2022 | 2022
3. **QUANTIFICATION OF PATHOGENS FROM THE ORAL CAVITY OF OUTPATIENTS WITH DENTAL CRIES AND ANTIBIOTICS SENSITIVITY FOR EACH PATHOGEN**
biochemical and cellular archives 21 (2), 4117-4120, 2021 | 2021
4. **isolation and comparison of biofilm formation by lactobacillus species**
international journal of plant research 20 (2), 5, 2020 | 2020
5. **Effect of Aqueous Extract of Clove Syzygiumaromaticum Against Pathogenic Fungus Alternarias pp. Isolated From Skin Infections**
Indian Journal of Forensic Medicine & Toxicology 13 (4), 5, 2019 | 2019
6. **Detection of Most Pathogenic Bacteria in Renal Failure and Urinary Tract Infections Patients with Antibiotics Patterns**
Science 4 (1), 15-20, 2018 | 2018 | Cited: 1
7. **Detection similarity and differences between Uropathogenic Escherichia coli isolated from recurrent urinary tract infections and bladder cancer patients**
AL-Kindy College Medical Journal 12 (1), 21-26, 2016 | 2016
8. **Distribution of ESBLs among Escherichia coli isolates from outpatients with recurrent UTIs and their antimicrobial resistance**
The Journal of Infection in Developing Countries 10 (06), 575-583, 2016 | 2016 | Cited: 52
9. **Isolation and Diagnosis of Microbial Types in Nasal Tract of School Aged Students, and their Antibiotic Sensitivity Pattern**
مجلة كلية المأمون الجامعة 28 (28), 340-328, 2016 | 2016
10. **A comparison study to detect of hepatitis b virus by real-time PCR and other serological techniques**
Wasit Journal for Science & Medicine 7 (4), 6, 2014 | 2014
