

samah abbas jihad

سماح عباس جهاد سيف الربيعي

Assistant Lecturer

PROFILE

****Samah Abbas Jihad**** is an emerging academic researcher dedicated to advancing scholarly inquiry and contributing to evidence-based literature. With an expanding research profile, Jihad has authored four academic publications indexed on Google Scholar, reflecting a strong commitment to active research and continuous professional development.

As a developing scholar, Jihad focuses on producing rigorous, methodical work designed to address key questions within the discipline and contribute meaningfully to the broader academic community. Driven by a passion for scholarly investigation, Jihad is actively building a foundational body of literature aimed at expanding domain knowledge and fostering collaborative intellectual engagement.

Through ongoing publication efforts and dedicated inquiry, Jihad remains focused on establishing a robust research agenda, refining methodological approaches, and participating in contemporary academic discourse.

ACADEMIC TITLES

2017-07-15 Assistant Lecturer

PUBLICATIONS (3)

- Sustainable Green for the Synthesis of TiO₂ Nanoparticles Using Solanum Melongena Extract and their Application in DNA Sensing**
IWasit Journal for Pure Sciences 5 (2), 105-112, 2026 | 2026
- Phenethylamine's Effect on Preventing the Corrosion of Low-Carbon Steel in Acidic Environments: Theoretical and Experimental DFT Computational Investigation**
Journal of Wasit for Science and Medicine 18 (4), 32-44, 2025 | 2025
- Manganese (III) Schiff basic and its catalytic activity in the oxidation of alkanes**
International Journal of Science and Research Archive 117 (2), 092-096, 2025 | 2025
